

Growth Mind Set

In assembly we have been learning that our brain is a muscle and the more we exercise it the stronger it gets. When we challenge ourselves the more exercise our brain does and we increase what we learn. If we find something difficult we say, 'we can't do it yet.'

help us learn!

Mrs Bannister

After 34 years working at Bourne School Mrs Bannister is going to retire. As we all know she likes to keep busy and she is intending to use her retirement to look after her two beautiful Grandsons'. We are very sad to be losing her but are sure she will come back to visit us. Mrs Bannister will be leaving at February half term but will come in for a couple of days after the holiday to help us with handover.

We will miss you.

Dates for your diary

Tuesday 22nd January- Leopard Class Assembly at 9am

Thursday 24th January- Year 6 parent SATs meeting at 8:45 and 3:30pm

Welcome to the world!

Mrs Smith welcomed her son into the world on Monday 7th January. Her gorgeous son weighed 9.9lbs and is called Daniel.

We all look forward to meeting him.

Our own Artist

Bourne School has produced a winning artist! Amelija from Mole class won the Rager and Roberts Christmas art competition for her age group.

Last week she went to collect her £100 amazon gift voucher with her parents and Mrs Brennan-Robson, who organised Bourne schools involvement.

Ameilija also won £500 for the school, which we will be using to improve art resources.

Watch out for pictures of our artist in The Eastbourne Herald.

Headteacher Awards

All these amazing children received Headteacher's awards this week:

Daniel M. in Koala Class- for persisting in maths

Elliot in Foxes Class- for independently producing some fantastic writing

Mitko, Kaj and Milad in Zebra Class- for excellent problem solving in maths

Well done, I am very proud of you all.

I am looking forward to seeing who will get an award this week!

Look what is going on in Foxes class

What a busy first week back we have had in Foxes! The children have been working hard learning more about place value, tens and ones.

In English we have introduced a new book, The Princess and the White Bear King. We designed and wrote about our special crown.

We are continuing with our topic 'Into the Ice' and this week we have introduced Sir Ernest Shackleton, who lived for a few years in Eastbourne! We have also experienced 'The Northern Lights'

Well done Foxes!
