

Building a Clay Oven

Some children in Year 5 worked very hard last week building a clay oven in our Forest School area.

They all worked well together and the end result was great. We all look forward to now being able to use the clay oven.

Thank you for your hard work.

Busy Office

As you are aware our Office gets very busy, particularly at the beginning and end of the school day. To try to help keep the space a little quieter, we are going to ask that if you are talking on your mobile phone you take the call outside.

Thank you for your support with this matter.

Headteacher Awards

This week these amazing children received Headteacher awards:

Aisha in Leopards Class for fantastic work on multiplying fractions.

Beau in Moles Class for using great vocabulary and inventive sentences.

Brooklyn in Koalas Class for excellent work with fractions on a number line.

Dylan in Moles Class for solving some very difficult maths calculations.

Daniel G. in Koalas Class for excellent work on equivalent fractions.

Milad, Kajetan and Yasmin in Zebra Class for excellent use of subordinating conjunctions to make an exciting piece of writing.

Theo, Cosmin and Hadi in Kangaroos Class for their incredible hard work on an enterprise project.

Well done all of you, I look forward to seeing who will get celebrated this week.

Baby News

I'm very pleased to announce that I am expecting my second child. We are looking forward to becoming a family of four somewhere around the 29th September.

Dates for your Diary

Monday 1st April- Hawks Class evacuation school trip

Monday 1st April- Blackland Farm meeting for parents in Eagles Class straight after school.

Tuesday 2nd April- Kangaroos Class assembly

Tuesday 2nd April- Enterprise Club's charity fundraiser sale after school

Thursday 4th April- Eagles Class evacuation school trip

Friday 5th April- Last day of term.

EASTER HOLIDAYS

Tuesday 23rd April- first day back of term 5

Bourne Enterprise

Over this term, classes have been working on enterprise projects. Each class had to pick one idea to pitch it to a panel of judges which included the school council. The class that won the pitch secured themselves an extra playtime. All classes did incredibly well and came up with some fantastic ideas including magic drink cups, pen vacuums and recycling magnets.

Panthers Class won the competition. They came up with the idea of saving the school money by inventing pens and glue with lids you cannot lose!

Well done Panthers Class!

It's Moles Week!!

Mrs Few and the Moles have been cooking delicious vegetable stir fry this week. Great cutting and chopping skills shown and even some brave food tasters of food they thought they didn't like. They even washed and cleaned up afterwards, get them to practice their new found skills at home. Happy faces and full tummies all round!!

Moles have really enjoyed looking at the poet Michael Rosen and his poem 'The Book'. They wondered what was going on when a hand fell out of the book and enjoyed the repetition at the end of the poem. **Running, running as fast as I could. Running, running as fast as I could.** Running, running as fast as I could...

We have been adding on number lines and some children even moved on to vertical addition. Ask the children for a demonstration at home.

Well done Moles
