Taking part in sports days is what counts. Children can learn many things from losing as well as winning!

This year children will be working towards gaining recognition in our sports day values, which include: honesty, respect, determination, self-belief, passion and teamwork.

Curriculum area: Developing the Self

At Bourne we practice mindfulness every day. Being mindful helps people in just about every part of life. Learning how to be mindful when you're young gives you a chance to use it throughout life.

PSHE/PE in action across the school

We have two PE lessons each week, one outside in the fresh air and one inside in the hall or gym. Exercise helps children's physical development and it also helps children's psychological well-being.

This year over 300 children at Bourne have taken part in competitions against another schools.

This term we have been fortunate in year 5 to have been part of the Premier League Stars project, which has included a trip to the Amex Stadium to take part in workshops encouraging positive interaction with others, using PSHE to promote resilience and positivity. Focusing on achievement and long term goals. Year 5 have really enjoyed PE this term!
