

New Catering Provider

I am really excited to tell you we have a new catering provider from September. After a tendering and interview process, we have selected Harrison's Catering as our new provider.

Our school kitchen teams will be invited to stay with us through this process. We feel very confident that your children will notice the positive difference. The food we tasted during the interview process was delicious, and we are excited that the new menu will appeal to all of the children (and the staff!).
